

BONE MASS MEASUREMENTS

Do you know what disease prevention is and why it's important? Well, we are here to give you that information. Medicare pays for many preventive services to keep you healthy. These preventive services can find health problems early, when treatment works best, and can keep you from getting certain diseases.

Bone Mass Measurements is one of the preventive services that is covered by Medicare.

Who's covered?

Bone Mass Measurements are covered for certain people with Medicare whose doctors say they're at risk for osteoporosis, some of these risks are the following:

- A person with vertebral abnormalities as demonstrated by an X-ray
- A person getting (or expecting to get) steroid treatments
- A person with hyperparathyroidism
- A person taking an osteoporosis drug

How often is it covered?

Once every 24 months (more often if medically necessary).

Your cost if you have Original Medicare

You pay nothing for this test if the doctor accepts assignment.

If you have any questions regarding this exam or any of the other Preventive Service exams covered by Medicare, please contact us at 1 (888) 601-6334 or at contact@medrecen.com.
