

Our Final Expense Insurance Policy is All About Helping You Plan Ahead!

Planning now makes good financial sense!

The last thing you want loved ones to say when planning your final arrangements is, **"I can't afford this."** **Grieving takes an emotional toll, and it can be even more difficult when there's a financial burden.**

It's never easy to think about what life would be like for your family after you're gone. But planning now can help your loved ones focus on the life you lived, and less on your final expenses.

Facts:

According to the Life Insurance and Market Research Association (LIMRA)*:

The most common reasons people do not buy (or do not buy more) life insurance are: 1) It is too expensive (63 percent), 2) Other financial priorities (61 percent), or 3) They already have enough coverage (52 percent).

"The top reason for owning life insurance in 2018 is to cover burial and other final expenses (90%)"

Half of all consumers want a primary financial advisor; 37 percent have one, 14 percent are looking for one.

Almost 3 in 10 (29 percent) of all consumers say they would research and buy life insurance online, up 7 percentage points from 2016.

About 20% of U.S. households say they would feel the financial adversity from the loss of their primary wage earner in just one month.

Did you know?

The average cost of a funeral is over \$8,500**. This doesn't include additional costs, such as cemetery plot, monument, marker, or miscellaneous cash-advance charges such as flowers or an obituary.

If you're thinking, "What about my Social Security death benefit?" Social Security pays a lump-sum death benefit of just \$255 to your surviving spouse or children, and that's only if they meet certain requirements***.

UA's Final Expense Insurance Policy is easy.

For less than \$1 a day, you may be able to get final expense insurance coverage with benefit amounts ranging from \$1,000 - \$25,000[▲].

As long as the policy remains in force, the policy benefit will be paid to your beneficiary upon your death.
